## ICCEFA'22 AND ICESA'22

October 24, 2022 - October 26, 2022  
Seoul, South Korea

The International Conference on Civil Engineering Fundamentals and Applications (ICCEFA'22) and the International Conference on Environmental Science and Applications (ICESA'22) aims to become the leading annual conferences in each of the specialized fields.

The goal of ICCEFA'22 and ICESA'22 is to gather scholars from all over the world to present advances in each of the specialized fields and to foster an environment conducive to exchanging ideas and information. These conferences will also provide an ideal environment to develop new collaborations and meet experts on the fundamentals, applications, and products of the mentioned fields. Interested authors, researchers, and industrial experts are invited to register for any of the conferences that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.
